- When SkyLink Air cancels or delays a flight
- Voluntary changes and cancellations
- Refunds
- Travelling with pets and special assistance
- Airport check-in times

1. Baggage

1.1 Checked baggage allowance

The free checked baggage allowance depends on the fare class, as shown in the table below. Weights are per bag.

Fare class	Free checked bags	Maximum weight per bag
Economy	1	23 kg
Premium Economy	2	23 kg
Business	2	32 kg

Each additional checked bag costs $60. The fee is the same on every route and is collected at check-in or when you add the bag online.

Bags heavier than the limit but not over 32 kg are charged an overweight fee of $45 per bag. Bags over 32 kg cannot be accepted as checked baggage and must be shipped as cargo.

1.2 Carry-on baggage

Each passenger may bring one carry-on bag of up to 8 kg and 55 x 40 x 20 cm, plus one personal item such as a handbag or laptop bag that fits under the seat.

1.3 Sports equipment and musical instruments

Bicycles, skis, golf bags and surfboards count as one checked bag if they weigh under 23 kg and are packed in a protective case. Small instruments may travel as carry-on; larger ones need a seat purchased in advance.

2. When SkyLink Air cancels or delays your flight

2.1 Cancelled flights

If SkyLink Air cancels your flight you may choose, at no cost to you, either to be rebooked on the next available SkyLink Air flight or to receive a full refund of the unused ticket. Rebooking on another airline is not guaranteed.

Refunds for cancelled flights are paid to the original form of payment within 7 business days of your request. Payments made in cash are refunded by bank transfer.

2.2 Delays

If your departure is delayed by 3 hours or more, SkyLink Air provides meal vouchers at the airport. If the delay is 6 hours or more and requires an overnight stay, hotel accommodation and transport are provided.

Hotel accommodation is arranged for overnight delays of 6 hours or more caused by SkyLink Air. It is not provided for delays caused by weather or air traffic control, although meal vouchers still apply.

3. Voluntary changes and cancellations

3.1 Changing your booking

Voluntary changes made by the passenger are subject to the change fee in the table below, plus any difference in fare.

Route type	Change fee
Domestic	$75
International	$150

You may cancel any booking free of charge within 24 hours of purchase, provided the departure is at least 7 days away.

3.2 No-shows

A passenger who does not check in for a flight without notice forfeits the unused ticket. Taxes and airport charges on the unused ticket remain refundable on request.

4. Refunds

4.1 Refund timelines

Refunds to a credit or debit card are processed within 7 business days. Refunds to other payment methods, including vouchers and bank transfers, may take up to 21 days.

Saver fares are non-refundable and non-changeable, except that unused taxes and airport charges are refunded on request. If SkyLink Air cancels the flight the full fare is refunded.

4.2 How to request a refund

Refund requests can be made online under Manage Booking, by calling customer support, or in person at an airport ticket desk. Have your booking reference and the passenger's last name ready.

5. Pets and special assistance

5.1 Pets

Small dogs and cats up to 8 kg including the carrier may travel in the cabin for a fee of $95 each way. Only two pets are allowed per flight, so book early. Larger animals travel in the hold.

5.2 Special assistance

Passengers who need wheelchair or other special assistance should request it at least 48 hours before departure. Assistance is free of charge.

5.3 Unaccompanied minors

Children aged 5 to 11 travelling alone must use the unaccompanied minor service, which costs $60 each way. Children aged 12 to 15 may opt in to the service.

6. Airport check-in times
